Bulletin G19-05

MEMORANDUM

To: All Permit Applicants

From: Keith Ellis, Building Official, CBO, CEAP, MCP, CFM

Subject: Commercial Building Applications

Date: October 3, 2019

.....

In an effort to reduce the time required for contractors to obtain a commercial building permit, Nassau County Building Department will now be accepting commercial building permit applications prior to having final site engineering plan approval from the Development Review Committee. Building plans must be 100% complete and approved for construction by the design professional. The plans submitted must match the building foot print & square footage on the site engineering plans. All departments must approve the permit application prior to permit issuance.
