

# Nassau County Fire Rescue

## November 2021

### Stroke Training.

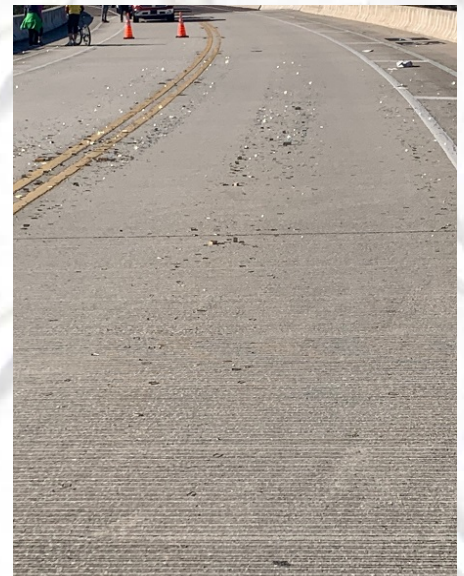

Beginning November 2, 2021 Nassau County Fire Rescue began a stroke training class for each of our members, presented by Baptist Health instructors. The classes are being held at the EOC. We rotated our personnel through this class over a few weeks to train them in how to better treat patients potentially having a stroke.

### Employment

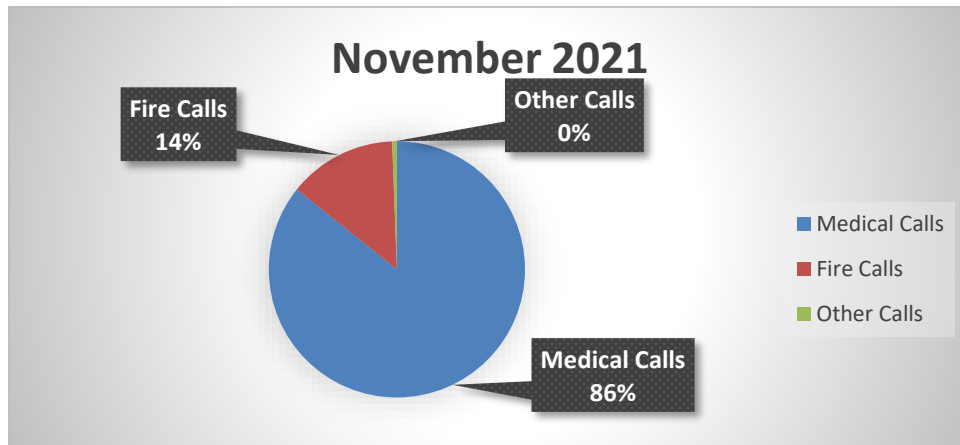

- Welcome Ron Gordon, the newest member of our FRHQ team. Ron is filling our second Logistics Officer Position.
- Four EMTs will begin employment with NCFR on December 9, 2021

**Road Obstruction Nassau Sound Bridge:** NCFR assisted with the removal of several boxes of nails creating havoc on the Nassau Sound bridge last week. Thanks to Engine 20, NCSO and Road and Bridge for their help.
